Alfredo Plascencia, Managing Member Lazer Licenses, LLC 200 South A Street, Suite 400 Oxnard, CA 93030

Re: Lazer Licenses, LLC (Lazer)

KIQQ(AM), Barstow, CA

Facility Identification Number: 60423 Special Temporary Authority (STA)

BESTA-20191125AAH

Dear Mr. Plascencia:

This is in reference to the request filed on November 25, 2019. Lazer requests an extension of the STA granted on May 29, 2019, to continue ND operation at the licensed site to allow time to complete repairs and file the required FCC Form 302 application to update all operating parameters (due to previous loss of the licensed site in 2018). In support of the request, Lazer states that additional time will be needed to complete repairs.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Lazer may continue to operate ND with a maximum of 0.42 kW (day) and 0.11 kW (night). Lazer must reduce power or cease operations if complaints of interference are received, and use whatever means are

<sup>&</sup>lt;sup>1</sup>KIQQ(AM) is licensed for DA operation on 1310 kHz with 5 kW (day) and 0.118 kW (night) using different patterns.

necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on June 9, 2020.

Sincerely,

Joseph Szczesny Electronics Engineer Audio Division Media Bureau
